

CEMETERY REGULATIONS

Two grave sites only to be assigned to a family, except in the circumstances when space is required for a child, then three may be granted.

No enclosures whatsoever may be erected around grave sites or plots; that is, no concrete, wood or wite enclosures will be permitted.

The whole area is to be a lawn-type cemetery.

All graves in the finished stage must be levelled with the surrounding area, including lawn seed or sods.

Flowers and wreaths may be placed on graves or in appropriate monument flower holders.

Plants, shrubs, ornaments, etc., which interfere with the maintenance of the cemetery are not permitted and will be removed.

Headstones or monuments shall not exceed 30 inches in height and should be mounted on patio stones instead of poured concrete.

No work will be carried out in the cemetery without first contacting a member of the Interfaith Cemetery Committee or a church representative.

United Church members of the Committee are Bob Down and Jim Dobson.
